PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 11th November 1884.

READ—

Letter No. 701 of the 7th October 1884 from the Deputy Commissioner, Bangalore District.

No. 4703—97, DATED 11TH NOVEMBER 1884.

ORDER THEREON.—Now that some rain has fallen in every part of the Province, the Dewan directs that in Taluks in which there was an almost total failure of the south-west monsoon and in which the hulbanni sales for the current year have had to be suspended or postponed owing to the uncertainty of the season, arrangements may at once be made for giving out the pasturage on Government unoccupied lands to the villagers on the terms laid down in Proceedings No. 2360—55, dated 16th July 1884, but in consideration of the lateness of the season in the Districts of Kolar, Bangalore, Tumkur and Mysore, the amount payable for each village may be fixed in those Districts at two-thirds of the average of the hulbanni realizations of the last two years. The Deputy Commissioners and Sub-Division Officers concerned are requested to extend this concession to such Taluks or parts of Taluks only as may really need it. It is not to be granted as a matter of course to every Taluk, nor should any attempt be made to ascertain the degree to which the concession may be needed for each village. It will be more convenient to settle once for all the tracts which require the concession and to apply the concession to all villages in such tracts at once. If engagements have already been entered into with any villages in such tracts for the full average amount, the alterations in accounts required by the extension to them now of the concession in question can be made at the time of the jamabandi. If in parts of the Chitaldroog Sub-Division, or the Tumkur or Kolar District, a greater concession is required, the Dewan will be prepared upon recommendation of the Division Officer to reduce the hulbanni demand to half of the prescribed average in such Taluks as may have suffered most from want of pasturage.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioners of Districts.
The Sub-Division Officers.

READ—

Letters Nos. 108 and 219 of the 12th August and 18th November 1884 from the Officer in charge of the Amrut Mahal Department, requesting instructions in regard to the recovery of money due on account of the purchase of Amrut Mahal bulls as an arrear of Land Revenue.

CAMP NO. 132, DATED MYSORE, 22ND NOVEMBER 1884.

ORDER THEREON.—Any sum of money due to Government has always been recovered and is recoverable as a revenue demand. In this case the money is due not as revenue on the estate in question and therefore only the present interest of the defaulter in the estate is liable to be sold in realization of the demand in question. The Assistant Commissioner, Hassan Sub-Division, is apparently of opinion that the sale of Mr. DeWinton's interest in the estate will fetch nothing, because there is an encumbrance on it. If this be the case, then there is no object in resorting to a sale. Any property which Mr. DeWinton may possess within the Mysore Territories may be proceeded against for the recovery of the demand in question.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 22nd November 1884.

2. In future, in order to prevent doubt, all notifications of sale of cattle should state that the price, if not paid within the stipulated time, is liable to be recovered as a revenue demand.

R. VIJAYINDRA RAO,
Secretary.

To—The Officer in charge of the Amrut Mahal Department.
The Sub-Division Officer, Hassan.
The Deputy Commissioners of Districts and other Sub-Division Officers for information.

READ—

Petition dated——September 1883 from Ayachita Bhairava Dikshita and other Vrittidars of Kalhalli Sarvamanya village in the Yedatore Taluk, appealing against the orders of the Survey Department in regard to a piece of their village land which has been adjudged to belong to the Government village of Sautenhalli.

READ ALSO—

Records in the case received with the Survey Superintendent's letter No. 662, dated 17th January 1884.

CAMP NO. 142, DATED MYSORE 24TH NOVEMBER 1884.

ORDER THEREON.—The boundary of the inam village of Kalhalli has been settled by the Survey Department without hearing the inamdars. The inamdars are themselves responsible for this result.

2. The commencement of the survey operations in the Yedatore Taluk was duly notified in the official Gazette, and special notices were also issued to all inamdars requiring their attendance. These notices had no effect upon the Kalhalli inamdars, and therefore on 2nd February 1883 the Amildar issued a special notice to them requiring their attendance before the Survey officer, and pointing out the risk they would run by failing to attend. They paid no attention to this summons, and the efforts which both the Survey and the Revenue Departments made to secure the attendance of the inamdars were all unavailing.

3. On the 27th May 1883 some of the inamdars sent a petition to the Survey officer (Mr. Hudson) representing their claim to a piece of land which they had heard was also claimed by the neighbouring Sarkar village of Sautenhalli. Mr. Hudson by his endorsement on this petition dated 28th May informed them that they must appear *within* the 2nd June. The petitioners say that they did attend on the 2nd June, but were then informed that the matter had already been settled. There is nothing in the Proceedings to show that they appeared on 2nd June as now alleged, but it is probable that they appeared on that day and that previous to their appearance the Survey officer had arrived at his decision.

4. The endorsement dated 28th May already referred was not a notice to the petitioners. They had previously received repeated notice of the progress of survey operations, but neglected to take any action to protect their interest. At the last hour they sent a representation by post and they were told to appear in person *within* the 2nd June. Under such circumstances the Dewan is of opinion that their appearance before the Survey officer *on* 2nd June gives them no right to reopen a question which was decided by the Survey officer, after long waiting and upon such information as he was able to collect. The re-settlement of the village will be attended with considerable inconvenience and expense, and as the petitioners have no just cause of complaint, the Dewan declines to direct a re-settlement.

R. VIJAYINDRA RAO,
Secretary.

To—The Superintendent of Revenue Survey.
The Deputy Commissioner, Mysore District, for information.
Copy to the Petitioners.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 24th November 1884.

READ—

Letter No. 299 of the 24th June 1884 from the Deputy Commissioner, Bangalore District, forwarding Head Supervisor Mr. McDonnell's memorandum on Gánjá sales.

Bangalore Deputy Commissioner's letter No. 481, dated 13th August 1884.
Do No. 561, dated 6th September 1884.
Do No. 727, dated 13th October 1884.
Do No. 743, dated 18th October 1884.

CAMP No. 147, DATED MYSORE, 24TH NOVEMBER 1884.

ORDER THEREON.—From the papers above read, the Dewan is satisfied that the Gánjá contractors of the Bangalore District are working their contract at a loss. They have expressed their inability to continue to work under the present arrangements and are prepared to resign the business, forfeiting the amount deposited by them under the terms of their contract. The Deputy Commissioner considers it unprofitable and troublesome for the Government to take the gánjá sales into its own hand. The minimum guarantee system, which was introduced last year, has many advantages which it is very desirable to secure. Under such circumstances and in consideration of the large minimum revenue guaranteed by the present contractors, the Dewan is pleased to sanction the following concessions in their favor, in accordance with the recommendation of the Deputy Commissioner.

(*a*). The wholesale and retail prices per seer for gánjá will be increased by 2 annas and those for majum by 1 anna in the Town and the Civil and Military Station of Bangalore, and the prices in the rest of the Bangalore District for both gánjá and majum will be similarly increased by one anna, as shown below:—

Particulars.	Bangalore Town and Station per seer.		Remainder of the Bangalore District per seer.	
	Present Rate.	Increased Rate now sanctioned.	Present Rate.	Increased Rate now sanctioned.
Wholesale rate for Gánjá	8	10	8	9
Retail rate for do	11	13	11	12
Wholesale rate for Majum	3	4	3	4
Retail rate for do	5	6	5	6

The Head Supervisor, Central Distillery, Bangalore, will cause the existing weights to be altered so as to correspond with the rates of price above sanctioned. These rates provide for costs and profit to the contractors at 2¼ annas per seer for gánjá and at 1 anna per seer for majum, and for a Government duty of 7¼ annas for gánjá and 3 annas for majum. Calculated on the sales during the last year, these rates will secure to the contractors a profit of more than Rs. 1,000 for the whole District per annum.

(*b*). The contractors will be allowed to open wholesale shops for sale of gánjá at the arrack wholesale depôts, and no license fee shall be charged for such shops. This will, it is believed, enhance the sales by placing the drug within easy access of the retail vendors.

(*c*). No license fee shall be charged on account of the gánjá retail shops situated outside the limits of the Town and the Civil and Military Station of Bangalore. This will be an inducement for the opening of fresh retail shops.

2. The contractors' request for a reduction in the minimum amount guaranteed cannot be sanctioned, nor can the Government claim for 25 per cent on the excess sales be waived. The contractors themselves are responsible for the loss complained of, for, it was entirely owing to their remissness in not purchasing the drug in the

proper season. All arrears due by them should be recovered at once, and they should be warned that failure in this respect will entail the withdrawal of the concessions now sanctioned.

3. Provision will be made in the Gánjá Rules shortly to be issued for regulating the cultivation of gánjá under special pattas and for its export under passes. Pending the issue of these rules, the Deputy Commissioners and Sub-Division Officers are requested to warn the cultivators of gánjá that the sale of the drug to any person other than the Government Gánjá renter is illegal.

4. The appended forms of wholesale and retail licenses of accounts to be kept by retail vendors, of permits for removal of gánjá from Government renters, and of diaries and accounts to be submitted by Inspecting officers are hereby prescribed for adoption. The cost of printing the forms required by the renters and retail vendors will be borne by them.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioner, Bangalore District.
Other Deputy Commissioners for information with reference to para 3.
The Sub-Division Officers with reference to para 3.

READ—

Letter No. 412 of the 24th July 1884 from the Deputy Commissioner of the Bangalore District reporting upon a petition from Karnik Tippaiya of Magadi in regard to certain taxes imposed upon his shikmi ryots and himself.

CAMP No. 176, DATED MYSORE, 25TH NOVEMBER 1884.

ORDER THEREON.—Karnik Tippaiya complains that mohatarfa house tax has been imposed upon his shikmi ryots, that they have been subjected to a loom tax for spinning their own cocoons, and that his own carts, though kept purely for agricultural purposes, have to pay the municipal tax, while an exemption has been granted in favor of carts owned by officials living within the municipal limits of Magadi.

2. The Dewan observes the standing orders on the subject of the mohatarfa house-tax exempt in very clear terms all shikmidars who are *bonâ fide* agriculturalists. The fact that Karnik Tippaiya owns extensive lands in several villages, and has in consequence a list of shikmidars is not an argument for modifying the rule sanctioning the exemption. Wherever Karnik Tippaiya himself does not cultivate, but owns a house, it may with reason be taxed. The Dewan therefore directs that in accordance with the terms of the existing rules all shikmi ryots, being *bonâ fide* agriculturalists, be exempted from the mohatarfa house-tax. Collections already made need not however be refunded.

3. As regards tax on cocoon looms, the Dewan observes the point in dispute is whether the looms of the shikmidars have been used in working their own cocoons or those of others, thus carrying on a trade in that line. The Deputy Commissioner's report after enquiry states that the shikmidars were not working their own cocoons and consequently were taxed. The Dewan will therefore not interfere with this finding, which however will be liable to modifications at each jamabandi, when the jamabandi officer is expected to hold a careful enquiry on this point.

4. The exemption of cart tax in favor of officials residing within the municipal limits is certainly irregular. Unless the government by special order confer the privilege of exemption upon any individual or community, the municipality cannot sanction such exemption. All carts should therefore be taxed, only those used for *bonâ fide* agricultural purposes being exempted.

Enclosures returned.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioner, Bangalore District, with Proceedings.
Copy to petitioner Karnik Tippaiya of Magadi.
Copy to other Deputy Commissioners and Sub-Division Officers for information and guidance.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 28th November 1884.

READ—

Dewan's Proceedings No. 739-40—28, dated 27th April 1882, sanctioning the grant of certain lands for the formation of agricultural settlements of Eurasians and Anglo-Indians.

Letter No. 39 B., dated 17th March 1884, from the Honorary Secretary, Eurasian and Anglo-Indian Association, Mysore Branch, asking for further concessions in behalf of the Association.

Letter No. 621, dated 18th September, from the Deputy Commissioner, Bangalore District, reporting upon the above application.

CAMP No. 210—1, DATED MYSORE, 28TH NOVEMBER 1884.

ORDER THEREON.—It is a matter for regret that the efforts of the Association to form Eurasian Colonies and to bring under cultivation the whole extent of land obtained by it from Government have not yet been attended with complete success. The failure was in some measure due to difficulties inherent in the attempt, and the Government therefore resolve to grant some further concessions in order to advance the laudable objects of the Association.

2. The request of the Association to resign certain lands has already been acceded to by the Deputy Commissioner.

3. The assessment on lands used exclusively as village sites will be remitted. Their boundaries however should first be definitely marked by the Survey Department, care being taken that too much land is not assigned for the purpose. The extent of land which has to be struck off from the revenue accounts as village sites should be ascertained and reported in due course.

4. A small extent of land may also be assigned to each of the Colonies of Whitefield and Sausmond, free of assessment, for common pasturage. The Deputy Commissioner is requested to select the land required for this purpose both with reference to the quality of the soil and to the extent usually assigned for similar purposes in neighbouring villages, due regard being however had to the exceptional circumstances connected with the Colonies. If a moderate extent be assigned as free pasturage, the Colonists will be able to supplement it by purchase in the annual sales. Such an arrangement would be convenient to the Government, while it would secure the object the Association has in view

5. It is urged that the failure of the monsoon and the lateness of the season when the Colonies were formed have retarded the progress of cultivation in the settlements and that the Association is therefore unable to pay in the current year a quarter of the assessment in accordance with the terms of the concession granted to it. The Association requests that the lands may be exempted from taxation for a period of 7 years, but as recommended by the Deputy Commissioner it appears sufficient to remit the assessment on lands retained by the Association, as follows :—

In 1884—85, 1885—86 and 1886—87	Whole assessment remitted.
In 1887—88	Half do do.
In 1888—89	Full assessment to be paid.

6. A copy of these orders will be communicated to the Association, and the Deputy Commissioner is requested to make the needful adjustments at the ensuing jamabandi.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Commissioner, Bangalore District.
" Superintendent of Revenue Survey.
Copy to the Honorary Secretary, Eurasian and Anglo-Indian Association, Mysore Branch, Bangalore.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 20th November 1884.

READ—

Letter No. 1462—534 of the 22nd March 1883 from Colonel Travers, Military Secretary.
Letters from the Military Secretary Nos. 11—3, 176—68 and 472—137, dated 7th April 1883, 7th May 1883 and 5th July 1884, respectively.

No. 4868-75—101, DATED 20TH NOVEMBER 1884.

ORDER THEREON.—In his letter No. 1462—534, dated 22nd March 1883 read above, Colonel Travers submitted proposals for the revision of the establishment of the Military Secretary's Office consequent upon the reduction of work due to the transfer of the cash business to the Comptroller's Office. The salaries proposed by Colonel Travers in many cases appeared to be a great deal higher than those attached to similar appointments in other Head-Quarters Offices. As Colonel Travers proceeded on leave shortly afterwards, the matter had to be reserved for discussion with Colonel Hay.

2. After consultation with Colonel Hay, and after full consideration, the Dewan is of opinion that the scale of establishment as per accompanying statement, Appendix A, may for the present be adopted, but there is every reason to believe that the numerical strength of the establishment thus fixed is somewhat in excess of actual requirements. Owing however to the difficulty of providing for thrown out hands, further reduction at present is considered undesirable, but the Military Secretary will be requested to bear the subject in mind and to carry out such further reduction of strength as may be feasible whenever vacancies occur.

3. The Military Secretary will be requested to be so good as to intimate the increments he would propose immediately for the present incumbents of the offices of Manager, Store Superintendent and 1st Clerk, with reference to the periods for which they have already been drawing their present salaries.

4. It will be noted that the pay of the Persian Munshi is reduced to Rs. 30, but the present incumbent Mirza Mahomed Ali may be allowed to draw the difference between that and his present pay of Rs. 60 as a personal allowance so long as he is continued in office.

5. The officials specified in Appendix B will be thrown out of employ, and their retirement is hereby sanctioned. Of these Mr. Noronha, Head Writer, Tirumalachari, Savar Head Munshi, and Narayanasami Mudaliar, 4th Accountant, have already been retired on pensions. Govinda Rao, 3rd Accountant, and A. Srinivasa Rao, Savar Deputy Munshi, and other servants thrown out, should be retired from 1st January 1885 on such pensions or gratuities as they may be entitled to. They may however be informed that when suitable vacancies occur in the Military or other Departments, they would be eligible for re-employment, their pensions ceasing and their gratuities being refundable upon such re-employment. The Deputy Commissioners will be requested to register their names for employment on suitable vacancies occurring.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 21st November 1884.

READ—

Letter No. 2165 of the 8th October 1884 from the Comptroller, bringing to notice that the orders contained in para 3 of Dewan's Proceedings No. $\frac{580}{11}$ of the 24th April last do not entitle an official acting for an Amildar of other than the 5th grade, to draw the fixed travelling allowance of Rs. 20 per mensem sanctioned for Amildars of the 5th or last grade.

READ—Proceedings No. $\frac{580-9}{11}$, dated 24th April last, above referred to.

No. 84—93, DATED 21ST NOVEMBER 1884.

ORDER THEREON.—An officer officiating in the grade of Amildars and drawing a salary (inclusive of acting allowance) not exceeding Rs. 100 per mensem is entitled to the monthly travelling allowance of Rs. 20 sanctioned for Amildars of the 5th grade.

R. VIJAYINDRA RAO,
Secretary.

To—The Comptroller.
The Deputy Commissioners of Districts and Sub-Division Officers.

READ—

Letter No. 2674—118, dated 1st November 1884, from the Chief Judge in Mysore.

No. 4900-1—106, DATED 21ST NOVEMBER 1884.

ORDER THEREON.—In the letter read above, the Chief Judge solicits the sanction of Government for an increase of establishment to the Munsiffs' Courts at Mysore, Bangalore, Seringapatam, Chikballapur, Shimoga, Kolar and Nanjangud. The work in these Courts is no doubt too heavy for the present establishment. It is heaviest in the Courts of the Munsiffs at Mysore and Seringapatam and of the additional Munsiff at Bangalore. The establishment recommended, *viz.* a Nazir on Rs. 20 and a Gumasta on Rs. 15 per month, is accordingly sanctioned for each of these Courts.

2. In the other 4 Courts named in the margin,* the work is far less heavy, and it is therefore believed that one additional hand may be sufficient. A Nazir on Rs. 20 is accordingly sanctioned for each of these Courts.

* 1. Chikballapur.
2. Shimoga.
3. Kolar.
4. Nanjangud.

3. The Munsiff of Chikballapur has at present a large criminal file, and so long as this continues, he may be allowed an additional hand as a temporary measure until, by the establishment of an Assistant Commissioner's office at Chikballapur, he may be relieved of a great portion of his criminal work. Under such circumstances an additional Clerk on Rs. 15 per month is sanctioned for the Chikballapur Munsiff's Court as a temporary measure.

4. The cost of the additional establishments sanctioned above will, as recommended by the Chief Judge, be met from the Process funds of the respective Courts.

Letter, dated 27th October 1884, from Mr. Middleton of the Cadamaney Estate, Manjarabad.

No. 4804-13—99, DATED BANGALORE, 17TH NOVEMBER. 1884.

ORDER THEREON.—Mr. Middleton of the Cadamaney Estate, Manjarabad Taluk' complains of the ravages of wild elephants within his estate. Under Section 6 of Act I of 1873, he has authority to shoot at and destroy any wild male or female elephant found upon the cultivated portions of his estate or upon or in the vicinity of any public road. Mr. Middleton's attention will accordingly be drawn to the section above referred to, and the Deputy Commissioner will further be requested to grant him a license under Section 7 of the Act to shoot wild male elephants when found within 5 miles of his estate.

2. Elephant tusks form an item of royalty, and therefore the tusks of all elephants which may be shot, whether on private or Government property, belong to Government and should accordingly be handed over to the Deputy Commissioner.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 21st November 1884.

READ—

Annual Report on the working of the Registration Department in Mysore during the year 1883—84 submitted by the Inspector General of Registration with his docket No. 330—226 of 30th September 1884.

No. 4902-11—102, DATED 21ST NOVEMBER 1884.

REVIEW THEREON.—The number of registration circles in 1883—84 remained the same as in the latter part of the year previous, when they underwent a slight change in consequence of the revision and re-adjustment of the boundaries of Districts and Taluks and the formation of Sub-Divisions. There were then 9 Registrars, *viz.* 6 Deputy Commissioners and 3 Sub-Division Officers, and 78 Sub-Registrars, *viz.* 56 Amildars, 16 Deputy Amildars and 6 Special Sub-Registrars, stationed at Bangalore, Civil and Military Station and Town, Seringapatam, Mysore, Yedatore and Tirumakudlu-Narsipur. The Civil and Military Station continued to be under the supervision of the Inspector General of Registration in Mysore up to the end of the year under review.

2. The total number of documents registered during 1883—84 was 18,425 or 191 less than in 1882—83. The decrease is generally in the class of documents relating to immovable property of which the registration is compulsory and chiefly under the heads "*Instruments of Sale.*" The number of documents shows a decrease in all the Districts and Sub-Divisions, except in the Mysore and Tumkur Districts, the Hassan Sub-Division and the Civil and Military Station of Bangalore where there has been a slight increase. The net falling off, however, is attributed generally to the fewer number of documents relating to gold mining transactions registered in 1883-84 than in 1882-83. In Shimoga the transfer of lands by means of rajinamas and kabuliyatnamas on the revenue side instead of by deeds of sale between parties is said to have affected the registration and likewise to some extent the high price of arecanut which gave little occasion to the malnad ryots to contract debts.

3. The subjoined statement shows the various classes of documents registered, their value and the receipts on account of registration and other fees during the past three years :—

4. The receipts of the Registration Department during the year 1883—84 mounted to Rs. 45,944—6—7 against Rs. 47,510—4—9 in the year previous.

5. The actual expenditure on account of the Registration establishment and ther charges during 1883-84 amounted to Rs. 26,185—11—0 leaving a surplus f Rs. 19,758—11—7. The following is a comparative statement of the expenditure luring the past three years :—

Items of Expenditure.	1881—82.	1882—83.	1883—84.
1. Fixed salaries of Registering Officers	3,925 5 2	4,080 0 0	4,980 0 0
2. Percentage	12,763 5 2	14,021 10 0	12,111 6 6
3. Cost of Establishment	7,983 11 6	7,990 14 9	8,358 0 7
4. Miscellaneous travelling allowances., &c. ...	593 5 10	633 10 10	736 3 11
Total.....	25,265 11 8	26,726 3 7	26,185 11 0

6. Besides the usual establishments in the Offices of the Inspector General of Registration and the Registrars, the Special Sub-Registrars are allowed fixed salaries, he other Sub-Registrars being remunerated by a commission at the uniform rate of 10 per cent on the fees realized.

7. The working of the Registration Department during the year 1883-84 has resulted in a surplus of Rs. 19,758—11—7. There has, on the whole, been improvement in the savings of the Department as will be seen from the marginal table which exhibits the savings in every fourth year since 1871—72.

Years.	Savings. Rs.	A.	P.
1871—72 ...	3,573	11	10½

1879—80 ...	13,944	6	4½
1883—84 ...	19,758	11	7

R. VIJAYINDRA RAO,
Secretary.

To—The Inspector General of Registration.
The Deputy Commissioners of Districts.
The Officers in charge of Sub-Divisions.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 22nd November 1884.

No. 4914— 103, DATED 22ND NOVEMBER 1884.

ORDER.—The accompanying list of supernumerary officials who still remain to be provided for is circulated to all Deputy Commissioners and Sub-Division Officers and to all Heads of Departments, with a request that as vacancies occur these supernumeraries may be employed in preference to all other candidates When any vacancy occurs and one of the supernumeraries named in the list is appointed, the fact should be reported to this Office for communication to other Districts and Heads of Departments.

2. The Inspector General of Registration will be requested to report if any Sub-Registrarships on fixed pay can be created without additional cost to Government, at any of the more important Taluk Head-quarters such as Tumkur, Shimoga, &c. Mr. Hudson will at the same time report if he can find employment for any of the supernumeraries in question in the Registration or any other Department under him.

3. It is believed that in this manner the supernumeraries will very soon be absorbed. The Dewan is therefore pleased to direct that the order contained in Proceedings No. 4093—108, dated 2nd September 1882, requiring that all vacancies above 10 Rs. should be reported to this Office, be withdrawn. Deputy Commissioners, Sub-Division Officers and other Heads of Departments will be at liberty to fill up vacancies, within their powers of sanction, in accordance with the rules laid down in the late Chief Commissioner's Proceedings Nos. 6092—Gl. 67 and 6932—Gl. 79 of the 21st November and 21st December 1874 respectively, and subject only to the restriction of giving preference to the supernumerary officials referred to in para 1 till they are all provided for.

R. VIJAYINDRA RAO,
Secretary.

MEMORANDUM, CAMP NOS. 35 AND 36, DATED 29TH OCTOBER 1884.

1. The want of suitable building sites is greatly felt in the Town of Mysore. The chief cause of the defective sanitation of the town is due to overcrowding. This especially is the case within the fort. Recently some efforts have been made to remove houses both in the fort and elsewhere with a view to improved ventilation and easier sewerage. The Municipality give compensation to the owners of the houses removed, but so long as the Board are unable to provide other and more eligible sites, the owners are put to very great inconvenience and the evil of overcrowding is only shifted from one locality to another.

It thus becomes necessary to select a suitable block of land where all who desire to build new houses may be given sites at fixed prices.

2. The most convenient direction in which the town can extend is towards the west. Some fields to the west and north of the Female Hospital were purchased by Government some time ago, partly with the view of providing suitable building sites It is found that these fields are unsuitable for building purposes, owing to the absence of water at reasonable depth from the surface.

3. I have, after careful consideration, selected some fields to the south and south-west of the Female Hospital as suitable for building purposes. Water can, it is believed, be had in wells in this locality, and in any case we have in the channel from the new Kukarhalli tank a ready means of water supply.

4. Under such circumstances, I desire the Deputy Commissioner to carry out the following arrangements with the aid of the Executive Engineer and the Municipal Board. The Sanitary Engineer may be employed upon this work under the direction of the Board.

1stly. The Rama Vilás Agrahar street should be produced in a straight line towards the west so as to join, by a short curve, the road below the bund of the Kukarhalli tank. An alignment of this new street (marked on the ground by white flags by Mr. Lee) seems to be suitable as carrying the new street on fairly high ground. This alignment is not in an exact straight line with the present street, but this can be remedied by setting some of the present houses more to the north, and by slightly altering the line of the present street by taking some of the waste land on the north. The Municipal Officers and the Executive Engineer are requested to make the most suitable alignment and immediately to commence the work of making the road. I have marked the road in red pencil on the accompanying trace of the Topographical map. (See B. D. C.)

2ndly. The road passes in one place through a hollow, but it can be made fairly level by constructing a tunnel of 3 or 5 vents which will greatly reduce the cost of the required embankment.

3rdly. This new road should be a broad one with a margin on either side for avenue trees. Behind the avenue on either side will be the houses.

4thly. The houses should be built with frontages approved by the Municipality. and stones should be permanently fixed showing the line beyond which no house shall be allowed to project on any pretence whatever.

5thly. Settling reservoirs for the Kukarhalli water should be built in or about the place marked **A** in the accompanying tracing, and from such reservoirs the new street and the fort should first be supplied by iron pipes or otherwise as may be found most convenient. The Executive Engineer and Sanitary Engineer are requested to study this question and to report upon it as soon as possible.

6thly. A new road from the Railway Station should be made so as to join the new street (B. D. C.). It is roughly marked in the accompanying tracing with a red pencil. (See D. E.). It passes through the edge of

the bed of the Jivanrayankatte and on the west of the Female Hospital compound. The Executive Engineer is requested to trace this road making it as straight as possible, and to take early steps for its construction.

7*thly*. New streets should also be opened as marked with a red pencil (F. G. and H. K.) in the accompanying tracing.

8*thly*. There are some sweepers' huts behind the Female Hospital. Orders were issued some time ago for the removal of these huts. These orders should at once be carried out, and a new street for the sweepers should be properly laid out beyond the Subbarayankatte as already arranged.

9*thly*. The Pindari huts beyond the Female Hospital and to the north-west of the Jagan Mohan make the locality very unclean, a result which is specially objectionable owing to its proximity to the Female Hospital. These huts are however too numerous to be removed, and therefore without resorting to their actual removal all that is possible to improve the sanitation of the locality should at once be done. No new huts should on any account be allowed to be built in this locality and the Municipality should be specially watchful in this matter; as many of the old huts as possible should be bought up as opportunities occur; regular streets should at once be opened through the present huts which are so crowded together as to make the whole place very ill ventilated. A new street (near where the new sweepers' street will be) should at once be marked out for such Pindaris as may wish to build new huts. A clear plan of the present Pindari huts and of the streets passing through them should be made and each Pindari hut should be marked upon it by a distinct number. Such a plan will be very useful for preventing new Pindari huts springing up in this locality.

10*thly*. For the purpose of making the new roads (B. D. C. and D. E.) the requisite lands should at once be acquired by paying their full market value. Crops which have to be removed or which may be injured should be fully *paid for*, so as to prevent any hardship to the ryots. Compensation for crops is not likely to cost much and it is cheaper to make these roads now when the ground is soft than to wait till the crops are harvested and the ground gets hard. The cost of making these roads (which should be of the first class) should be borne by the Municipal and Local Funds, as they will be of great use both to the town and the surrounding country. The exact proportion to be contributed by each fund will be fixed hereafter. In the meantime, the necessary advance will be given from the Treasury on the Deputy Commissioner's application.

11*thly*. In the accompanying sketch the hedges of the fields through which the proposed roads will pass are marked. The fields marked (1), (2), (3), (4), (5), (6), (7), (8), (9) and (10) should be acquired by the Municipality by paying their full market value.

The Revenue authorities should arrange for this at once, the owners being, where possible, allowed to remove hereafter the crops, if any, on the fields.

The acquisition of fields (11), (12), (13), (14) and (15) is not immediately requfred; but they may be required hereafter and their prices should therefore be ascertained and recorded. The price required to be paid for the fields Nos. (1) to (10) will be advanced to the Municipality from the Treasury and it should be repaid out of the sale proceeds of building sites.

12*thly*. After all lands required for the roads and building sites above referred to have been acquired by the Municipality, application should be made in due course for their exclusion from the land revenue accounts.

13*thly.* A statement showing the cost of lands acquired, compensation for crops removed or injured, and the cost of making the new streets and roads above referred to should be submitted as early as possible.

14*thly.* The centre line of the proposed Nanjangud Railway should be marked on the ground by stones planted at suitable intervals and the required space on either side of this line should be reserved.

15*thly.* I trust that the Executive Engineer and the Executive officers and members of the Municipal Board will co-operate with each other and carry out these improvements as early as possible, keeping me informed from time to time as to the progress they may be able to make, and seeking my instructions on all points on which the above orders may not be clear or may in their opinion require alteration.

K. SHESHADRI IYER,
Dewan.

Copy to the Deputy Commissioner of Mysore, and President, Mysore Municipal Board, and Executive Engineer, Mysore Division, for information and guidance.
Copy to Mr. S. Lee for information.

ORDER No. 2528, DATED 6TH NOVEMBER 1884.

1. The Dewan has reason to believe that the concession under which an officer is allowed to take Casual Leave for a certain number of days each year is somewhat abused in the Educational Department.

2. In the Educational Department there is less occasion for casual leave than in any other Department. That Department has the winter and summer vacations besides Easter and Dasara holidays, not to mention other shorter holidays which they enjoy in common with other Departments. The Dewan believes that these holidays amount fully to 3 months in each year. During the remaining 39 weeks in the year, there are generally two holidays every week, or 78 days, making 11 weeks.

3. Under such circumstances the total amount of Casual Leave which an officer of the Educational Department is allowed to take is restricted to 10 days in each year. If he requires more, he can obtain it only by forfeiture of full pay, or on half pay when he is unable to attend to his duties by reason of sickness.

4. These orders will be communicated to the Heads of all Government Colleges and Schools, who will be requested to enforce them.

5. To the monthly Pay Abstract should be appended a statement showing the number of days during which a School Master has been absent, whether on casual or sick leave or on forfeiture of full pay.

L. RICE,

Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore in the Public Works Department,—dated 12th November 1884.

READ—

Memo by the Public Works Secretary, regarding the Government Workshops at Mysore.

No. 177-80—4663-66, DATED BANGALORE, 12TH NOVEMBER 1884.

ORDER THEREON.—The Dewan directs that the Government Workshops at Mysore should be closed as soon as possible and the stock disposed of as follows :—

(1.) The stationary Steam Engine and the Native Lathe, together with such other articles as the Palace Department may require, should be handed over to the Palace Assistant Commissioner.

(2.) The English Lathe and Saw Bench, for which a proper price is not likely to be had, may be retained by the Public Works Department or Railway Department.

(3.) The Manager, Mysore State Railway, should report whether any and what articles are required for the Railway Department.

(4.) Other articles which may not be required by the Palace, the Public Works Department or the Railway Department should be sold.

II. The accounts should all be finally closed, and such settlement as is necessary made with the Palace Department in communication with the Assistant Commissioner in charge of the Palace Establishment.

"By Order,"

C. H. M. KENSINGTON, CAPTAIN, *R. E.*,
Secretary to the Govt. of Mysore,
P. W. D.

To—The Executive Engineer, Mysore Division, for information and guidance.
The Assistant Commissioner, Palace Establishment.
The Manager, Mysore State Railway.
The Examiner, Public Works Accounts.

PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 1st December 1884.

READ—

Petition No. 1991, dated 30th October 1879, from Tirumale Srirangachar, Jodidar of Kattur in the Nanjangud Taluk, appealing against the decision of the Survey Superintendent in the matter of a boundary dispute between (Jodi) Kattur and (Government) Adihalli villages.

Proceedings connected with the boundary dispute, received with the Mysore Deputy Commissioner's letters Nos. 212, dated 19th August 1881, and 697, dated 29th February 1884.

READ ALSO—

Survey Superintendent's letter No. 226, dated 3rd July 1884, with enclosures.

No. 234-5, DATED MYSORE, 1ST DECEMBER 1884.

ORDER THEREON.—The Dewan has read through the Proceedings and is of opinion that the decision of the Survey Department on the boundary dispute between the Inam village of Kattur and the Government village of Adihalli must be revised. The Superintendent considers that the appeal time has long past: but it must be noted that the inamdar's appeal was preferred so far back as October 1879. The delay has been in the final disposal of the case.

2. It must be premised that on neither side is there what may be called very satisfactory evidence to support the contentions of either party. The first decision in favor of the inamdar was passed by the Survey Assistant Mr. Clerk on the strength of a razinama which subsequently turned out to be fraudulent and was for that reason cancelled. The second decision by the same officer was also in favor of the inamdar on the probabilities of the case. He found an undisputed boundary stone in the point **C** (*vide* map), he found the land **A** claimed by the Government village to be the land of the Inam village for many years under cultivation by the inamdar's tenants, and he found the point **G** was another undisputed boundary point where as well as at the point **D** old boundary stones existed. He connected the three points **C, D** and **G** in a line and gave to the inamdar the whole of the disputed tract which was of very little value being mostly waste, gravelly, stony and altogether poor in soil. The Survey Superintendent, however, called for further information with reference to Deputy Commissioner's letter on this dispute. The reference was made under the following circumstances.

3. Four years before the survey the land marked **B** was cultivated by the inamdar's ryot when the Shanbhog, who is undoubtedly at the bottom of the whole dispute, entered in his Kammi-jasti account that the land **B** and land **A** belonged to the Government village and were cultivated in that year without permission: a Taluk Gumasta who inspected the lands reported that the inamdar claimed them, whereupon a very unsatisfactory order of the jamabandi officer was passed directing the inamdar to establish his rights to the lands in a competent court, that is to say the party in possession was directed to establish his right to the possession.

4. On receiving the correspondence connected with the dispute from the Deputy Commissioner, the Survey Superintendent called for further information asking the Assistant Superintendent to point out in the plan the lands **A** and **B** and to report if the inamdar had as directed established his right in a competent court. Major Mackenzie in submitting this report modified Mr. Clerk's boundary. He found that the land **A** was the inamdar's, and remarked that it was due to the malice of the Shanbhog that it was falsely shown in the accounts of 1874 as newly cultivated in that year, while the look of the land, the strong old edge around it and other proofs convinced him that the land was "Kadim Saguvali" of the inamdar. He gave this

land **A** to the inamdar. As regards **B** and the rest of the tract he was of opinion that it should be included in the Government village on the sole ground that the slope of the land is towards the Government village as roughly marked out by him on the plan and that there is a ridge above, which probably was originally considered a proper boundary and which would form a natural boundary. It is admitted that the land **A** is below this ridge and is explained by the suggestion of very old encroachment on the part of the inamdar. Major Mackenzie admits the genuineness of the boundary marks at **C** and **G**. Regarding the boundary stone at **D** Major Mackenzie gives no definite opinion, on the allegation of the Government village that this stone was formerly at **F** and was some years ago fraudulently removed to **D**. There is nothing to prove such a fraudulent removal of the boundary stone from **F** to **D**, but Major Mackenzie's line of boundary is through **F**. The Dewan is of opinion that the alleged fraudulent removal of the boundary stone from **F** to **D** is highly improbable, and that if any such removal had been attempted, it would have been at once resisted by the Government village who were far from friendly to the inamdar. Under such circumstances the boundary as marked out by Mr. Clerk is more probably the correct one as being a straight line connecting the well known and admitted point **G** with the end of the hedge forming the south-west boundary of the land **A**. There is, however, another fact which should at all events be considered a good evidence against the Shanbhog of the Government village. The land **E** marked in the map is of the Government village and in describing the boundary of it in an application of darkhast for it by a ryot the Shanbhog gives as one of the boundaries of the Inam land **A** and a path running by the side of the Inam village. The Shanbhog admits the genuineness of this document though he is unable satisfactorily to explain the inconsistency between it and his present allegations. Major Mackenzie too admits the importance of this decument without giving sufficient weight to it.

5. The Dewan is under all the circumstances of the case of opinion that the lands **A**, **B** and **X** should all be attached to the Inam village and that the maps of the two villages should be altered accordingly.

R. VIJAYINDRA RAO,
Secretary.

To—The Survey Superintendent, returning the original papers received from him.
The Deputy Commissioner, Mysore District, with Canarese papers.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 5th December 1884.

READ—

Statement showing the arrears of Land Revenue in the Province of Mysore remaining uncollected on the 30th September 1884.

No. 5042—106, DATED 5TH DECEMBER 1884.

ORDER THEREON.—The arrears of land revenue remaining uncollected on 30th September 1884 is excessive being Rs. 8,20,066. Of this amount, Rs 4,13,297 were due on account of the past year 1883—84, and the remainder on account of previous years.

2. The amount of arrears in each taluk appears to vary greatly according, chiefly, to the Amildar's industry and energy. In some taluks the amount is very small, while in others it is excessive. The taluks, the Amildars of which have not apparently exerted themselves in this important matter, are the following:—

		Rs.
Bangalore District	Anekal	21,015
Kolar District	Kolar	40,273
	Bowringpet	67,520
	Chintamani	67,988
	Mulbagal	39,298
	Sidlaghatta	38,435
	Chikballapur	49,803
Tumkur District	Tumkur	21,059
	Maddagiri	23,850
	Tiptur	11,497
Mysore District	Mysore	17,165
	Hunsur	23,293
	Yedatore	13,467
	Nanjangud	17,256
	Holé Narsipur	35,356
French Rocks Sub-Division	Seringapatam	21,296
	Mandya	11,338
Shimoga District	Tirthahalli	21,487
Hassan Sub-Division	Hassan	64,340
	Belur	32,282

3. It will be seen from the above that the arrears in the 20 taluks above specified amount to Rs. 6,38,018 being 77·8 per cent of the total amount for the whole Province. There is no good reason whatever why in $\frac{1}{3}$rd of the Province the arrears should amount to Rs. 6,38,018, when in the remaining $\frac{2}{3}$rds they amount to only Rs. 1,82,048. The Deputy Commissioners and Sub-Division Officers are therefore requested to report what steps they have taken for the early collection of the large arrears in the above mentioned 20 taluks and whether they are satisfied with the exertions which the Amildars of those taluks have hitherto made in this matter.

4. The Districts of Kolar and Mysore are greatly behind all other Districts, and the unsatisfactory state of the arrears in those Districts calls for energetic action on the part of the Deputy Commissioners of those Districts. The results in the Hassan and French Rocks Sub-Divisions also are not satisfactory.

R. VIJAYINDRA RAO,
Secretary.

To—All Deputy Commissioners and Sub-Division Officers.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 11th December 1884.

READ—

Chief Commissioner's Proceedings No. 1280—34, dated 7th May 1877.

Memorandum by the Survey and Settlement Commissioner of Mysore, No. 916, dated Poona, 5th November 1880.

The above papers regarding the assessment of the water rate on lands under the Sulikere tank in the Shimoga District.

2. The objection raised by the Deputy Commissioner to the revision of the assessment o the water rate appears absolutely without foundation. The Deputy Commissioner cannot hav read carefully the Istihar referred to in the 2nd para of the Superintendent's letter appended.

3. I consider that the course proposed in the 5th para of the Superintendent's letter, name ly to now confirm the water rate of Rs. 4—8—0 per acre for the remainder of the settlemen period of 30 years, should be adopted. This rate is undoubtedly moderate enough, considering th good supply of water afforded by the Sulikere Tank.

4. But it appears to me that the progress of the collections on the rice and garden lands shown in para 4 of the Superintendent's letter, is hardly as satisfactory as could be desired con sidering the quantity of land susceptible of irrigation and the large supply of water. A considerabl improvement is visible in 1876—77 shortly after the management of the water rate was trans ferred from the Irrigation to the Civil Department, but the improvement of 1876—77 has no been maintained.

5. The collection of the water rate depends on the inspection of the lands using water being carefully and honestly performed, and if this work is not well looked after, much fraud will undoubtedly occur. It would be well that the officer in charge of the Division in which this taluk is situated be required to spend a few days in inspecting the lands susceptible of irrigation to see that water is not used without payment, and that the Deputy Commissioner also should give occasional attention to this matter.

From the Superintendent, Mysore Revenue Survey, To the Survey and Settlement Commissioner of Mysore, No. 821, dated Bangalore, 25th October 1880.

Survey Superintendent's letter No. 1116 of the 20th December 1879.
Shimoga District Deputy Commissioner's letter No. 1300 of the 23rd January 1880.

I have the honor to inform you that the period of 3 years for which the water rate of Rs. 4—8—0 per acre for the dry lands taken up under the Sulikere tank on "Kaul" or progressive rates was sanctioned by Chief Commissioner's Order No. 1280—R. 34 of the 7th May 1877, expired on the 1st April 1879. I attach copies of correspondence as per margin which has taken place between the Deputy Commissioner and myself on this subject.

2. I will first of all dispose of the objection which the Deputy Commissioner raises to the right of Government to revise the assessment, in the case of the wet and garden lands which were charged with wet and garden rates at the original survey settlement, until the expiration of 30 years. The Deputy Commissioner quotes in support of this view an "Istihar" published by the Survey Department. I attach a translation of the "Istihar" in question which will conclusively show that by some unaccountable mistake the Deputy Commissioner has overlooked the very clear statement therein contained that "all the villages will be reclassed in 1876—77 and the assessment revised, &c., &c."

3. It will be perceived from para 4 of the Deputy Commissioner's letter No. 1300 of the 23rd January last, that not a single acre of the dry crop lands, to which alone the "Kaul" applied, is now under occupancy and consequently the "Kaul" may be said to have practically failed in its expected results.

4. It remains therefore only to decide whether the rice and garden lands under the Sulikere tank should be reclassed. I have obtained after a very lengthened correspondence with the Amildar, the following return of the collections on the rice and garden lands under the Sulikere tank:—

Year.		*Collections.*	*Years.*		*Collections.*
1871—72	..	7,192	1876—77	..	8,262
1872—73	..	5,709	1877—78	..	7,846
1873—74	..	5,762	1878—79	..	6,925
1874—75	..	5,729	1879—80	..	5,943
1875—76	..	5,863			

5. I think the above figures represent a very healthy state of the revenue under the survey rates now in force and I would recommend that they be confirmed for the whole period of the remainder of the Survey Guarantee for 30 years. In the event of any additional supply of water being afforded by Government by the improvement of the Sulikere Tank, an additional assessment can be imposed under Section V of the Survey Guarantee. I do not think that there are any grounds for supposing that the classification upon which the present rates are based requires revision, for it was to my certain knowledge carried out with the greatest possible care.

6. In the event of water being required for any of the dry lands, to which I propose the "Kaul", which has failed in its object, should be no longer applicable, a rate can be fixed under Survey Rule XXV as is done in the case of all other tanks and works of irrigation in settled taluks.

From the Superintendent, Mysore Revenue Survey, To the Deputy Commissioner, Shimoga District, No. 1116, dated Bangalore, 20th December 1879.

I have the honor to invite your attention to Chief Commissioner's Proceedings No. 1280—R 34, dated the 7th May 1877, herewith forwarded. It is there ordered that the water rate of Rs. 4—8—0 for lands under the Sulikere tank in the Channagiri Taluk is to be retained for 3 years from 1st April 1876. I beg to be informed whether any action was taken on the order quoted, on the expiration of the 3 years on the 1st April last.

2. I shall feel obliged by your favoring me with your opinion on the rate to be confirmed until the expiration of the Survey Guarantee (see Survey Commissioner's No. 498 of the 7th April 1877 with printed correspondence above quoted) based upon the results of the working of the Rs. 4—8—0 water rate during the 3 years in question from 1876—77 to 1878—79 inclusive.

From the Deputy Commissioner, Shimoga District, To the Superintendent of the Mysore Revenue Survey, No. 1300, dated Camp Honnali, 23rd January 1880.

With reference to your letter No. 11 6, dated 20th ultimo, I have the honor to state that no action has been taken by the Revenue authorities for the renewal or otherwise of kaul tenure sanctioned for the dry lands below the Sulikere Tank under the impression that the initiative should be taken by your Department.

2. I find that all the lands, which at the time of the survey settlement of the taluk were commanded by the channels and anicuts below the tank, have been charged with permanent wet rates, not to be revised until 30 years, and that the kaul was declared to be applicable only to such lands assessed with dry rates as would be irrigated by improvements that might be made to the channels by the Irrigation Department, *vide* Istiharnama published by your Department, a copy of which is enclosed.

3. From the enclosed Statement A received from the Amildar, it will be seen that, in the 21 villages alluded to in the Istiharnama, the lands which have been permanently assessed with wet rates are:—

Item.	Extent of the said assessed lands in the said villages.		Assessment ranging from Rs. 1-7-0 to Rs. 6-15-0 per acre.			Under cultivation, 1879—80.				
						Extent.		Assessment.		
	A.	G.	Rs.	A.	P.					
Wet	2,365	13	9,684	14	0	1,148	4	4,323	12	0
Garden	143	17	1,166	0	0	86	13	738	8	0
						Total		5,062	4	0

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 11th December 1884.

4. Another Statement marked B is enclosed showing the extent of lands cultivated under the said kaul from 1873—74 to 1879—80, of which the following is an abstract:—

Year.	Extent.		Dry assessment.			Progressive wet rate charged in addition.			Fixed wet rate at Rs. 4-8-0 per acre.			Total Amount.		
	A.	G.												
1873—74	42	31	34	0	0	55	12	0	..	...	...	89	12	0
1874—75	33	8	25	4	0	107	12	0	...	...	...	133	0	0
1875—76	28	31	21	4	0	...	...	...	129	4	0	150	8	0
1876—77	11	0	8	8	0	...	...	...	49	8	0	58	0	0
1877—78	11	0	8	8	0	...	.	...	49	8	0	58	0	0
1878—79 ... }														
1879—80 ... }	...	...	...	...	...	...	...	...	...	...	...	..	...	...

5. It will thus be seen that very little land was held under the kaul, and that that little was entirely given up in 1878—79. I am therefore at a loss to understand how in the correspondence printed with the Chief Commissioner's Proceedings No. 1280—34, dated 7th May 1877, the kaul lands were assumed to have yielded an average of Rs. 6,487 per year from 1871—72 to 1875—76. The amount would appear to indicate the revenue derived from the permanently assessed wet and garden lands besides those held on kaul as above.

6. Regarding the continuance of the kaul rate of Rs. 4—8—0 per acre, I regret my inability to recommend it. The Istihar clearly says that it should be levied in addition to the dry assessment, whereby the combined rent would as a rule amount to Rs. 5—8—0 per acre. On the other hand, the maximum rates in 11 of the 16 villages containing wet lands range from Rs. 2 to 5 only. Independently of the question as to the adequacy of the rates, there is no likelihood, as far as could be seen, at present, of any extension or improvements being effected in the water works of the lake, and some of the holders of the land below tell me that it is cheaper for them to take up wet assessed land than avail themselves of the kaul and lay out capital on the channel extension.

NOTIFICATION.

The following will be the mode of levying the assessment (kandayam) in addition to the dry assessment on such lands as are not subjected to rice or garden rates, but only to dry rates at the settlement now introduced, and for which water is taken for their improvement from the Suhkere channels worked by the Irrigation Department :—

Year.	*Rate per acre.*
1871—72	At dry rates only.
1872—73	Do do
1873—74	At Rs. 2
1874—75	At Rs. 3—4—0
1875—76	At Rs. 4—8—0

In the year 1876—77 all the undermentioned villages will again be classed and the assessment will be revised according to the condition of the land and water, provided that the said assessment shall not exceed Rs. 8—0—0 per acre.

If the lands be cultivated in 1872—73 and not in 1871—72, assessment will be levied (for that year) at the dry rates then prevailing. In the year 1873—74 assessment will be levied at the rate of Rs. 2—0—0 per acre.

If the lands are cultivated in 1874—75, assessment will be levied (for that year) at dry rates and for the year 1875—76 at the rate of Rs. 4—8—0, and so on.

In short, if the lands are brought under cultivation in 1871—72, the water assessment of the lands will be remitted for two years, full assessment being levied for the subsequent years at the rates entered opposite those years.

If water is taken in 1872—73 up to 1874—75 remission will be granted for one year and full assessment levied in the year following at the rates entered opposite them.

The above mentioned conditions are applicable to all who may desire to take water from the Sulikere tank for their dry lands and thereby obtain extra profit.

No. 5115-16—76, DATED BANGALORE, 11TH DECEMBER 1884.

ORDER THEREON.—The correspondence read above relates to lands situated under the Sulikere tank in the Channagiri Taluk; wet and garden lands which were under irrigation at the time of settlement in 1871—72 were settled as such, while lands capable of irrigation, but required expenditure of large capital and labor, were classed as dry and provided with a very reasonable progressive water rate with a maximum of Rs. 4—8—0 per acre if applications were made for water. This arrangement, sanctioned in the (late) Chief Commissioner's Proceedings, dated 8th May 1871, No. 678—13, terminated in 1875—76 when, on a subsequent representation from the Revenue authorities supported by the late Survey Commissioner and the Superintendent of Revenue Survey, the maximum water rate of Rs. 4—8—0 for lands classed as dry was continued for another three years, with a right to revise the whole settlement at the end of that term.

2. The term expired in 1880 and the Survey Commissioner's letter No. 916 of 5th November 1880 and subsequent reminders from the Superintendent, Revenue Survey, propose confirmation of the existing rates for the unexpired period of the Survey Guarantee for all lands already classed as wet or garden, lands classed as dry and not yet brought under irrigation being disposed of under Survey Rule 25 whenever application for water might be received for them.

3. The Dewan sees no objection to the proposal which is accordingly sanctioned.

4. The Deputy Commissioner of the Shimoga District will be requested to take an early opportunity to inspect all lands under the tank in question and see that water is not used without payment.

R. VIJAYINDRA RAO,
Secretary.

To—The Survey Superintendent.
The Deputy Commissioner, Shimoga District.

No. 5063—107, DATED 6TH DECEMBER 1884.

ORDER.—In supersession of General Circular No. 12, dated 11th March 1873, published at page 598 of the *Mysore Gazette*, dated 15th March 1873, the following rule in regard to casual leave is published for general information and guidance.

Rule.—The grant of casual leave of absence by Heads of Offices will be restricted as hitherto to 15 days in each calendar year; but when an officer is entitled to privilege leave and desires to take more than three days' causal leave, the same will, under ordinary circumstances, be granted as privilege leave and deducted from the leave of that class at his credit. If no privilege leave is due to him, casual leave not exceeding 15 days as above may be granted on sufficient cause being shown therefor, such casual leave being deducted from the privilege leave that may thereafter be earned by him.

2. In the case of officers who enjoy annual vacations and who for that reason are entitled to no privilege leave, the total amount of casual leave allowed will be 10 days in each calendar year.

3. Casual leave shall be given only when it can be granted without inconvenience to the public service; and such leave shall not be granted in continuation of any other leave.

R. VIJAYINDRA RAO,
Secretary.

To—The Compiler, Mysore Gazette, for publication in English and Canarese.
All Heads of Departments.
The Deputy Commissioners of Districts.
The Sub-Division Officers.
The Comptroller.
The Secretary, Public Works Department.
The Secretary, Educational Department.
The Secretary, Police Department.
